NORTH STATE MATTERS

Newsy Items Gleaned From Murphy to Manteo.

A charter was Friday granted the Asheville Lumber Company, of Asheville, capital $25,000, J. W. Rutherford and others stockholders.

Mr. Phillip Hanes, who was kicked in the abdomen by a colt in his barn lot at Mocksville Tuesday afternoon, died at his home in that place at 12 o'clock Thursday night as a result of his injuries.

An incendiary fire Friday night destroyed the passenger station and freight warehouse of the Seaboard Air Line at Vaughan in Warren county. A considerable quantity of freight was burned.

As yet no statement can be secured as to whether the Haywood murder case will or will not be tried in Raleigh this month. The term of court is only ten days away. Both the prosecution and the defense are keeping very quiet, but it is known that the search for witnesses has never ceased.

J. S. Wynne, secretary and treasurer of the Raleigh Cotton Mills, of Raleigh, is authority for the statement that a new Fries merger will be formed by the aid of New York capitalists, and that the consolidation is expected to be effected early in April. The Raleigh mills will enter the combination.

The one hundredth annual convention of the Evangelical Luthern Synod and Ministerium of North Carolina will be held in St. John's church, Salisbury, Rev. J. H. Wilson, pastor, beginning April the 28th, 1903, at 11 o'clock a. m.; embracing the centennial celebration of the Synod, which takes place on the second day of May.

The printing firm of Joseph J. Stone & Co., of Greensboro, which has just been incorporated with an authorized capital of $100,000, has elected the following officers: Joseph J. Stone, president; Charles G. Harrison, secretary and treasurer. The capital has been increased and the facilities will be considerably enlarged. Later on a lithographing plant will be added.

A 'phone message from the country to High Point Friday evening said that William Holt, who lived near High Point, and a negro man met a horrible death together. Mr. Holt and the negro were engaged in cutting feed on a steam cutter when the fly wheen burst, cutting off both of Mr. Holt's legs and killing the negro instantly. Mr. Holt lingered an hour or more.

Lane Morgan shot and instantly killed John Richardson near Candor, Montgomery county, Saturday. The two men were at the home of Marshal Pitman, whose wife is Richardson's sister. Morgan drew a revolver and crying: You killed my brother and I'll kill you," shot Richardson dead A few months previous Richardson had killed a half brother of Morgan.

Frank S. Eldridge, whose home is in Greensboro, has been missing for the past three weeks and it is feared that he is dead. He went to Philadelphia some time ago to visit relatives and wrote his wife from there that he would stop over in Richmond on his return. Investigation showed he had not been in Richmond. It was later ascertained that the train on which Mr. Eldridge was believed to have left Philadelphia was wrecked and two men killed, and it is feared he was one of them.

A. L. Gilmore, the Chicago attorney for the gold brick trio, Howard, Hawley and Daley, captured at Greensboro two years ago and sentenced to the penitentiary, writes that he is making an effort to have their case, which has been carried to the Supreme Court of the United States, advanced so as to give an early hearing Gilmore desires the influence of Judge Boyd in this matter, but it is hardly probable that his wish will be gratified. It is understood that one of the contentions upon which the case will rest before the Supreme Court will be that the trial judge erred in sentencing the gold brick men to the penitentiary instead of to the roads.

Policeman Frank George, one of the most courageous officers on the police force of Wilmington, was violently assaulted by a desperate negro, whom he had arrested in a colored eating house Saturday evening. The officer's scalp was laid open to the bone for a distance of about two inches as the result of a blow from a pair of metal knucks and his shoulder was severely contused by being thrown violently to the brick sidewalk after he had been stricken and rendered unconscious from the blow with knucks. The negro made his escape but was captured two and a half miles from the city Saturday midnight.

Mr. L. L. Lowrance, a foreman employed by the South Atlantic Construction Company, engaged in the company work on Wilson's creek in Caldwell county, was instantly killed Friday in making a blast. From accounts received, it seems that a blast of six charges, using seven kegs of powder and thirteen sticks of dynamite, were set off. Five of the charges exploded. Thinking them all fired, Mr. Lowrance was leading the force of hands to the cut in which they were working, and when within ten or fifteen feet of the blast, the sixth charge exploded, killing him instantly. No one else was seriously hurt. The body was taken to Maiden, the home of Mr. Lowrance.

Strange to say, the Southern Railway won a suit in court Friday morning. C. H. Jones, colored, of Winston, brought suit for $200 as damages to his horse and dray, caused by a train running into them on one of the yard crossings. The plaintiff claimed that one of the employes of the Southern told Jones' driver to cross the track and that in attempting to cross a shifting train ran into the dray and horse, rendering both unfit for service. The jury decided that the company was not responsible for the accident.

A TERRIBLE CRIME.

A Negro Shoots a Man and a Young Lady.

Reidsville, Special.—One of the darkest crimes in the annals of Rockingham county was committed in the Carmel section, about five miles from Reidsville Thursday night. John Broadnax, a negro boy about 16 years old, killed Mr. Sidney Blair, a most estimable citizen of that section, and wounded Miss Sallie Walker, who was a school teacher and housekeeper for Mr. Blair. Miss Walker was shot in three different places.

DETAILS OF THE CRIME.

About dark, while Mr. Blair and his niece, Miss Walker, were at supper, the negro, John Broadnax, entered the house, and engaged in a conversation with Mr. Blair. Without warning he drew his pistol and fired upon them. Mr. Blair was killed almost instantly, two balls taking effect. One entered at the collar bone and the other pierced the bowels. He fell heavily to the floor. Miss Walker was wounded at three different places, one ball taking effect just under the skin of the neck, another went through the muscle of the arm, while stil another grazed the the arm, while still another grazed the realizing that the pistol chamber was empty Miss Walker rushed on the negro and pushed him through the door, barring it, and placed a quilt underneath the prostrate form of her uncle, removed her shoes and left the building to notify the neighbors, who rushed to the scene.

When they arrived at the scene of the crime the negro was found in the kitchen in the act of pillaging the room. He was ordered to surrender and he did without resisting. He was taken unawares, as he had thought both his victims had died from their wounds. When they arrived his pistol was found to have been re-loaded, and but for the prompt action of the gentleman who rushed in on him and thereby exciting him he could and probably would have made his escape.

The news of the horrible crime quickly spread to the adjoining farm and within a short time the premises were crowded with people. The negro made a full confession and stated that he was told by another party to commit the deed and that it was his intention to search the premises for money and valuables. He thought he had succeeded in killing both of the inmates of the home, and was surprised when he had time to realize that he was in the hands of the people who would not permit him to leave.

About the time Deputy Sheriff John C. Faucette arrived there was talk among those who had gathered, which indicated that there was danger of the negro being murdered.

Two or three suggested that the evidence was conclusive—that the nego's confession made doubt impossible; that there was a chance of his escape, but they were promptly told that this would not do.

"I know your faces," said Deputy Sheriff Faucette. "If you harm him or permit him to be harmed I will have you everyone arrested," he added. This quieted those who were in the crowd. Mr. J. D. Glass was summoned to help take the prisoner to jail and he and Deputy Faucette had placed him behind the prison bars before midnight.

Mr. Blair was perhaps about sixty years old. He was a native of Pittsylvania county, Va., and had only been a resident of this county about ten years. His niece, Miss Sallie Walker, was his housekeeper, and taught school in the neighborhood. She was about 25 years old, and was devoted to her aged uncle. Her remarkable nerve and presence of mind have been the subject of general commnt on the streets and elsewhere.

The home of Mr. Blair was robbed of about $60 recently, and officers have been trying to locate the perpetuator of that crime. Broadnax passed through Reidsville and several people assert that he had a number of watches, new clothes and two or three valises. He left the Carmel section, where he had been working as a farm laborer for some time about the time the money was missed from Mr. Blair's home. It is almost certain that he got the money at that time and returned to get what jewelry and other valuables he could find on the place.

A message has been received from Governor Aycock stating that he has ordered a special term of Rockingham Superir Court to try Broadnax.

Dr. Baker Surrenders.

Tarboro, Special.Dr. J. M. Baker surrendered himself last week upon his return to town. A few hours later he was before Judge Brown on a bench warrant charging him with felonious killing. The evidence in brief was that Monday morning Dr. Baker passed Bass at the postoffice door and on coming out he was seized by Bass, who began striking him with his fist over the head. Baker broke away and as he retreated endeavored to draw a pistol, pursued closely by Bass, who was attempting to seize the pistol. He caught Baker by the back of the coat, which was pulled off. Baker retreating rapidly and reaching for his weapon as Bass closed on him. Outsiders closed on Bass. By this time Baker's pistol was out. Bass seized it, and as it was discharged the ball was deflected. Bass then was pulled back and the pistol in Baker's hand was thrust into his abdomen and fired.

The testimony offered by the prosecution and the defense varies but little. The prosecution claims that as Bass was held, Baker advanced and shot; the defense that Baker all the time was attempting to escape. The prosecution to show malice, produced the declaration of Baker immediately after the shooting, that he "had put two into him."

As the matter before the judge was solely the question of bail, the case was not gone fully into. The prosecution did not insist upon murder in the first degree. This was left the Judge to simply determine its amount, which was fixed at $10,000 which was promptly given. According to all the witnesses and the ante-mortem statement of Dr. Bass not a word was spoken by either.

A REPORT IS MADE.

Findings On Investigation of the Coal Strike

SHORTER HOURS AND BETTER PAY

A Lengthy Document in Which the Union is Not Recognized—The Text of the Report.

Washington, Special.—The report of the commission appointed by the President last October to investigate the anthracite coal strike, was made public Saturday. The report is dated March 18, and is signed by all the members of the commission. In brief the commission recommends an increas of wags amounting in most instances to 10 per cent.; some decrease of time; the settlement of all disputes by arbitration, fixes a minimum wage and a sliding scale, provides against discrimination of persons by either the mine owners, or the miners on account of membership or non-membership in a labor union, and provides that the awards made shall continue in force until 1906. To some extent the matter of recognition or non-recognition of the miners union is touched on, but the commission declined to make any award on this matter. Following is the commission's own summary of the awards made:

1. That an increase of 10 per cent. over and above the rates paid in the month of April, 1902, be paid to all contract miners for cutting coal, vardage, and other work for which standard rates or allowances existed at that time from and after November 1, 1902, and during the life of this award. The amount of increase under the award due for work done between November 1, 1902, and April 1, 1903, to be paid on or before June 1, 1903.

2. That engineers who are employed in hoisting water shall have an increase of 10 per cent. on their earnings between November 1, 1902, and April 1, 1903, to be paid on or before June 1, 1903; and on and after April 1, 1903, and during the life of the award, they shall have 8-hour shifts, with the same pay which was effective in April, 1902; and where they are now working eight-hour shifts, the eight-hour shifts shall be continued and these engineers shall be continued and these engineers shall have an increase of 10 per cent. on the wages which were effective in the several positions, April 1, 1902. Hoisting engineers and other engineers and pumpmen, other than those employed in positions which are manned continuously, shall have an increase of 10 per cent. on their earnings between November 1, 1902, and April 1, 1903, to be paid on or before June 1, 1903, and from and after April 1, 1903, and during the life of the award, they shall have an increase of 5 per cent. on the rates of wages which were effective in the several positions in April, 1902; and in addition they shall be relieved from duty on Sundays, without loss of pay by a man provided by the employer to relieve them during the hours of the day shift. Firemen shall have an increase of 10 per cent. on their earnings between November 1, 1902, and April 1, 1903, to be paid on or before June 1, 1903; and from and after April 1, 1903; and during the life of the award, they shall have eight-hour shifts, with the same wages per day, week or month as were paid in each position in April, 1902. All employes or company men, other than those for whom the commission makes special awards, shall be paid an increase of 10 per cent. on their earnings between November 1, 1902, and April 1, 1903, to be paid on or before June 1, 1903, and from and after April 1, 1903, and during the life of this award, they shall be paid on the basis of a 9-hour day, receiving therefor the same wages as were paid in April, 1902, for a 10-hour day. Overtime in excess of 9 hours in any day to be paid at a proportional rate per hour.

3. During the life of this award, the present methods of payment for coal mined shall be adhered to, unless changed by mutual agreement. In all of the above awards it is provided that allowances like those made shall be paid to the legal representatives of such employes as may have died since November 1, 1902.

4. Any difficulty or disagreement arising under this award as to its interpretation or application, or in any way growing out of the relations of the employers and employed, which cannot be settled or adjusted by consultation between the superintendent or manager of the mine or mines and the miner or miners directly interested or is of a scope too large to be so settled or adjusted shall be referred to a permanent joint committee to be called a board of conciliation, to consist of six persons, appointed as hereinafter provided. That is to say, if there shall be a division of the whole region into three districts, in each of which there shall exist an organization representing a majority of the mine workers of such district, one of board of conciliation shall be appointed by each of said organizations and three other persons shall be appointed by the operators, the operators in each of said districts appointing one person. The board of conciliation thus constituted, shall take up and consider any question referred to it as aforesaid, hearing both parties to the controversy, and such evidence as may be laid before it by either party; and any award made by a majority of such board of conciliation, shall be final and binding on all parties, if, however, the said board is unable to decide any question submitted, or point related thereto, that question or point shall be referred to an umpire, to be appointed at the request of said board, by one of the circuit judges of the third judicial circuit of the United States, whose decision shall be final and binding in the premises. The membership of said board shall at all times be kept complete, either the operators or miners organizations having the right at any time when the controversy is not pending to change their representation thereon. At all hearings before said board the parties may be represented by such person or persons as they may respectively select. No suspension of work shall take place, by lockout or strike, pending the adjudication of any matter so taken up for adjustment.

5. Whenever requested by a majority of those contract miners of any company ,check weighman or check docking bosses, or both, shall be employed. The wages of said check weighman and check docking bosses shall be fixed, collected, and paid by the miners in such manner as the said miners shall by majority vote, elect and when requested by a majority of said miners the check weigher and deductions made proprotionately from the earnings of the said miners on such basis as the majority of said miners shall determine.

6. Miners shall be distributed among miners, who are at work, as uniformly and as equitably as possible, and there shall be no concerted effort on the part of the miners or mine workers of any colliery or collieries, to limit the output of the mines, or to detract from the quality of the work performed, unless such limitation of output be in conformity to an agreement between an operator or operators and an organization representing a majority of said miners in his or their employ.

7. In all cases where miners are paid by the car, the increase awarded to the contract miners is based upon the cars in use, the topping required and the rates paid per car which were in force on April 1, 1902. Any increase in the size of car, or in the topping required, shall be accompanied by a proportionate increase in the rate paid per car.

8. The following sliding scale of wages shall become effective April 1, 1903, and shall affect all miners and mine workers included in the award of the commission: The wages fixed in the awards shall be the basis of, and the minimum under, the sliding scale. For increase of 5 cents in the average price of white ash coal or sizes above pea coal, sold at or near New York between Perth Amboy and Edgewater and reported to the bureau of anthracite coal statistics, above $4.50 per ton f. o. b. the employes shall have an increase of 1 per cent. in their compensation which shall continue until change in the average price of said coal works a reduction or on increase in said additional compensation hereunder; but the rate of compensation shall in no case be less than that fixed in the award. That is, when the price of said coal reaches $4.55 per ton, the compensation will be increased 1 per cent., to continue until the price falls below $4.55 per ton, when the 1 per cent. increase will cease, or until the prices reaches $4.60 per ton, when an additional 1 per cent. will be added, and so on. These average prices shall be computed monthly, by an accountant or commissioner, named by one of the circuit judges of the third judicial circuit of the United States, and paid by the coal operators, such compensation as the appointing judge may fix, which compensation shall be distributed among the operators in proportion to the tonnage of each mine. In order to secure the successful working of the sliding scale provided herein, it is also adjudged and awarded: That all coal operating companies file at once with the United States Commissioner of Labar, a certified statement of the rates of compensation paid in each occupation known in their employment, as they existed April 1, 1902.

9. No person shall be refused employment, or in any way discriminated against, on account of membership or non-membership in any labor organization, and there shall be no discriminating against, or interference with, any employe who is not a member of any labor organization by members of such organization.

10. All contract miners shall be required to furnish within a reasonable time before each pay day, a statement of the amount of money due from them before each pay day, a statement on the amount of money due from them to their laborers, and such sums shall be deducted from the amount due the contract miner, and paid directly to each laborer by the company. All employes when paid shall be furnished with an itemized statement of account.

11. The awards herein made shall continue in force until March 31, 1906; and any employe, or group of employes violating any of the provisions thereof, shall be subject to reasonable discipline by the employer; and, further, that the violation of any provision of these awards, either by employer or employes shall not invalidate any of the provisions thereof.

The commission also made a number of recommendations which may be summarized as follows: The discontinuance of the system of employing "the coal and iron police," because this force is believed to have had an irritating effect, and a resort to the regularly constituted peace authorities in case of necessity; a stricter enforcement of the laws in relation to the employment of children; that the State and Federal governments should provide machinery for the making of a compulsory investigation of difficulties, similar to the investigation which this commission has made.

The commission expresses the opinion that with a few modifications the Federal act of October, 1888, authorizing a commission to settle controversies between railroad corporations and other common carriers could be made the basis of a law for arbitration in the anthracite coal mining business. The commission, however, takes a decided position against compulsory arbitration.

On the subject of the recognition of the Mine Workers' Union, the commission says it does not consider that this subject is within the scope of jurisdiction conferred on it. It does say, however, that "the suggestion of a working agreement between employers and employes embodying the doctrine of collective bargaining, is one which the commission believes contains many hopeful elements for the adjustment of relations in the mining region."

Further on it says: "The present constitution of the United Mine Workers' of America does not present the most inviting inducements to the operators to enter into contractual relations with it."

A VICTORY FOR THE MINERS, SAYS MITCHELL.

Detroit, Special.—"The decision of the Anthracite Coal Strike Commission is on the whole a victory for the miners, and I am pleased with it," said President John Mitchell, of the United Mine Workers of America, in an interview with an Associated Press representative. "The anthracite miners of Pennsylvania have reason to be much pleased with the commissions' awards and I am sure that the are," he said.

SOUTHERN INDUSTRIAL

TO MAKE CANE SRYUP.

An Opportunity In the South for Machinery Dealers.

In a letter to the Manufacturers' Record Mr. D. G. Purse, chairman of the committee of arrangements for the Interstate Sugar-Cane Growers' Convention, which is to meet at Macon, Ga., on May 6 and to continue in session for three days, announces that ample provision will be made to bring manufacturers of syrup and sugar machinery into close touch there with delegates to the convention from South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas and Arkansas. He adds:

"In South Carolina, Georgia and Florida the growing of sugar-cane and its mnufacture has already reached a point where crude methods must give way to more complete machinery, but the evolution is not ready yet, and may not be for several years, for the very heavy machinery now in use in strictly sugar-manufacturing sections. As the areas planted increase from acre plots to ten, twenty-five and fifty acres and upward, as is going on now through these three States, especially the present season, will compel the purchase of much new machinery, and the occasion will afford an unexcelled opportunity for adapting the new machinery exactly to the needs of the situation, I hope this opportunity will be freely availed of by the manufacturers of syrup and sugar machinery throughout the country convenient of access to the sugar-cane belt.

"The division of chemistry of the Department of Agriculture will soon be in the market for the full equipment of a cane mill and syrup factory at Waycross, Ga."

Referring to the same subject in a letter to the Manufacturers' Record, President E. L. Martin of the Chamber of Commerce of Macon writes that the governors of all the cane-growing States have appointed five delegates from each county, and that it is expected that between 1,000 and 1,500 delegates will be present, a half-fare rate having been granted from all points east of the Mississippi and south of the Potomac river. President Martin also notes the opportunities at the convention for manufacturers of machinery.

A $50,000 Addition.

It is announced that the Pee Dee Manufacturing Co., Rockingham, N. C., will expend about $50,000 to extend its plant. A two-story addition will be erected to mill No. 2 and equipped with 2,500 spindles and 200 looms. J. A. Williams of Hamlet, No. C., has contract to erect the addition. The company now has 12,784 spindles and 602 looms, manufacturing plaid domets and hickory shirting.

Lumber Notes.

Among the shipments last week from Pensacola were 3,088,000 superficial feet of lumber, 1,597,640 superficial feet of sawn timber and 1,73\ cubic feet of hewn timber.

The Asheville Lumber Co. of Asheville, N. C., with a capital stock of $25,000, has been chartered. The incorporators are T. J. Perkinson, J. W. Rutherford and J. E. Dickerson.

The present logging tide in the Tennessee river is said to be the best that lumbermen have enjoyed for some time. It is estimated that over 3,000,000 feet of logs were floated in last week for Chattanooga mills.

The J. O. Wessen Lumber Co. of Memphis, Tenn., has been incorporated, with a capital stock of $20,000. The incorporators are Walter S. Denning, Marshal Long, George Mertle, J. F. Peters and others.

The wholesale grocery business of J. S. Giddings & Co. of Tampa, Fla., has been purchased by the Consolidated Naval Stores Co. of Jacksonville, Fla. It will operate it through the Consolidated Grocery Co.

The Julius Seidel Lumber Co. of St. Louis, Mo., has been incorporated, with a capital stock of $25,000. The incorporators are Julius Seidel, Frank Seidel, John A. Michel, Otto Moser and William E. Beckman.

Textile Notes.

It is proposed to build a knitting mill at Kingston, Tenn., and J. M. Allen is interested.

Endeavors are being made to establish a knitting mill at Aberdeen, Miss., to be capitalized at $40,000. The intention is to manufacture men's half-hose and ladies' and misses' stockings. Charles H. Welch is said to be interested.

B. F. Mauldin of Anderson, S. C., proposes organizing McCormick Mills, with capital of $200,000, to build a cotton mill. The plant is to be located at McCormick, S. C. and have 10,000 spindles. Over $100,000 have been subscribed.

Trenton Cotton Mills, Gastonia, N. C., will install additional machinery. Contract has been awared for 2000 spindles and other equipment to increase and improve the plant. Probably about $40,000 will be expended on the improvements.

It is rumored that Valentine & Bentley Silk Co., Newton, N. J., will establish a branch silk mill at Clarksburg, W. Va. Rumors say that the plant will cost about $150,000.

Tuckaseege Manufacturing Co., Mt. Holly, N. C., will build a No. 2 mill, to contain probably 7000 spindles. Details have not been decided, but are now being given consideration.

Ozark Cotton Mills, Gastonia, N. C., has purchased 1000 additional spindles, and this machinery will soon arrive. This increases equipment to 10,000 spindles.

J. E. Mueche, Kingston, Tenn., contemplates establishing plant to knit and dye hosiery. He wants to correspond with makers of hosiery and dyeing machinery.

TREATY IS RATIFIED

The Cuban Reciprocity Measure Gets Through at Last.

THE SENATE ADJOURNS SINE DIE

Nearly the Entire Closing Day Was Spent in Executive Session—The Final Ballot.

Washington, Special.—After ratifying the Cuban reciprocity treaty the Senate adjourned sine die Thursday at 15 minutes past 5 o'clock. Practically the entire day was behind closed doors in executive session. Most of the time was devoted to consideration of the Cuban treaty. Several speeches were made in opposition to the treaty and one in favor of it, and then promptly at the agreed hour, 3 o'clock, voting began. Roll calls were had on a number of amendments and the treaty itself was made the subject of a yea and nay vote. The motion to ratify was adopted by a ballot of 50 to 16, somewhat more than a three-fourths vote, whereas, only a two-thirds vote was necessary to secure a ratification. The detailed vote of the Senate was:

Yeas—Aldrich, Alger, Allison, Ankeney, Bacon, Ball, Veveridge, Blackburn, Burnham, Burrows, Burton, Clark, of Wyoming; Cockrell, Cullom, Depew, Dietrick, Dolliver, Dryden, Elkins, Fairbanks, Foraker, Foster, of Washington; Frye, Fulton, Gallinger, Gamble, Gorman, Hanna, Hansbrough, Heyburn, Hopkins, Ketan, Latimer, Lodge, Long, McCamas, McCreary, McCumber, Nelson, Overman, Penrose, Perkins, Simmons, Smoot, Spooner, Stewart, Stone, Warren, Wetmore; total 50.

Nays—Bailey, Bard, Bate, Berry, Carmack, Clark, of Montana; Daniel, Foster, of Louisiana; McInery, Mallory, Martin, Money, Morgan, Newlands, Pettus, Taliaferro; total 16.

In making the pairs, two Senators were paired for the treaty with one against it. The pair list was as follows:

Kerns and Hale with Gibson; Willard and Proctor with Clark, of Arkansas; Scott and Quay with McLaurin; Dillingham and Clapp with Tillman; Kittredge and Platt, of New York, with Patterson; Platt, of Connecticut, and Hawley with Teller; Mitchell and Clay with Dubois; Quarles with Culberson. Mr. Hoar was absent and unpaired.

Miss Roosevelt Abroad.

San Juan, P. R., By Cable.—Miss Alice Roosevelt landed here Thursday from the steamer Camo, from New York. She was met by Governor Hunt and his family and was driven to the palace, where she afterwards held an informal public reception. Miss Roosevelt will receive the citizens' committee in public tomorrow, and will attend the citizens' reception at the theatre the same evening, when there will be a display of fire-works and a demonstration in her honor. Many invitations have been issued by the Governor for an entertainment on Saturday. On Wednesday Miss Roosevelt will leave San Juan on an inland trip, during which she will visit the principal plantations and cities.

Vestibule Wrecked.

Charleston, S. C., Special.—The Southern Railway vestibule train No. 34, due at Camden at 11:30 a. m., was wrecked at a switch 8 miles north of that point Sunday. The front trucks under the baggage car jumped the main track and threw the train into the side track, all cars being completely derailed except the Pullman which had one set of wheels off. One man, an unknown tramp, supposedly asleep on the siding, was instantly killed, and Jim Reed, colored, a passenger, had one leg broken. Lewis Clyburn and Mrs. M. E. Taylor escaped with slight injuries.

In Conference.

New York, Special. — President Schwab and several of the legal representatives of the United States Steel Corporation were in conference here The object of the meeting could not be learned. It is understood that the forthcoming annual report of the corporation will embody a comprehensive statement of operations for the past year, and will deal especially with the matter of production.

Morgan at the Meeting.

New York, Special.—The directors of the New York, New Haven & Hartford Railroad met here to take up the employes' grievances presented to President Hail. Among the directors present was J. Pierpont Morgan. It was known after the meeting that the directors had nothing to say to the public today, but it was learned from W. D. Bishop, one of the edirectors, that a decision had been reached, and that it would be forwarded to the men at once. He would not give any intimation as to whether any concessions had been made, or any other facts concerning the decision.

President Williams Summoned.

Richmond, Special.—United States Marshal Morgan Treat, served on John Skelton Williams, president of the Seaboard Air Line, a summons to appear before the United State Interstate Commerce Commission, at New York, Friday week to testify in the proceedings of the Kentucky railroad commission against the Atlantic Coast Line and others.

DOES "GOOD GOVERNMENT" PREVENT OR PROMOTE CRIME

It is, we believe, generally conceded that crime is increasing in North Carolina to an alarming extent. Indeed, if the record of newspapers is to be believed the year 1902 is the blackest page in the civil history of the State with two exceptions, the first being that brief period of the year 1898, known as the Wilmington massacre period, the other being the first quarter of the present year.

We read that Superior court for trial of criminal cases is now in session at Wilmington with the heaviest docket in the history of the county; not less than 100 cases being set for trial.

Two hundred and eighty-five homicides in the year 1902 is North Carolina's quota. "A fearful increase over past years," as the State papers put it, while the Washington Post observes that "perhaps the accumulation of murder cases may cause North Carolina people to insist upon adequate punishment for those gentlemen who go about pumping cold lead into their neighbors." Hear also the Wilmington Messenger in the following significant wail: "To what length is this wanton taking of human life to extend? Two more homicides were reported in yesterday's Messenger. Conditions in this State are becoming beyond endurance. What is the matter with our people? Has human life no value in the eyes of mankind? Our entire populace seems to have gone mad on the subject of homicide. The conditions are appalling. Society has become honey-combed with the pistol in his hip pocket."

Again hear the Morning Post in the following unique, but melancholy supplication: "May the good Lord stay the passions of our people! Five or six homicides within almost as many weeks." A gentleman of prominence stated to the writer that within a radius of 30 miles with Kinston as the center ten murders have been committed within three years and not one of the slayers has been punished, and these were notably white men's affairs. No negro in it. With the advent of the good government promised by Simmons and Aycock the white man has monopolized the business of killing in that neck of the woods.

A leading State daily says: "The spirit of Cain seems to be possessing men in North Carolina today. Kentucky has the name of the "dark and bloody ground,' and we instinctively think of her as that State where men go armed, but North Carolina has out Kentuckeyed Kentucky."

Under the caption, "Increase of Crime," the Warrenton Record proceeds to take issue with Judge Brown who in his recent charge to the grand jury at Nashville, attributed the increase in crime to foreign immigration. The Record very sensibly argues that in such States as New York and Texas Brown's statement might hold good, but not so in North Carolina, where foreigners are few and seldom in evidence, and yet the editor adds that there were over one fourth as many homicides in North Carolina as in Texas and half as many as in the great State of New York.

Anent the deplorable conditions now existing, the Democratic bible, The News and Observer, gives vent editorially to the Jeremiad which follows: "However it may be in Northern States which have received a large influx of immigrants from abroad, the increase in crime in North Carolina cannot be charged up to foreign immigration. It has been committed by folks who were born here and are the children of North Carolinians for generations. It is a pity that we cannot saddle it off upon some other people."

So upon what would seem to be the very highest Democratic authority the record is simply awful, and growing worse at a rapid rate of increase, under munificent Democratic rule, and what is worse there is no scape goat, upon whom to saddle the responsibility. The saddling business will not work. Not foreigners—not Yankees. No, not even the poor negroes can longer be made to bear the sins of these worthy scions of mob ridden Tar Heel aristocracy. No the people have come to themselves to the extent that just any kind of a lie will not go, and blood. Our beloved native red-shirted Tar Heels at whose door the iniquity lies. We have sown the wind and are reaping the whirl-wind, the legitimate fruits of the seed sown in 1898 and 1900 by men now high in authority.

In view of all the foregoing the question arises does good government prevent or promote crime? According to our distinguished governor viewed either as prophet or apostle we have good government in North Carolina.

Did he not promise us in 1900 that good government should follow Democratic victory? Did he not in his inaugural address in depicting the horrors of fusion rule say: "Lawlessness walked the State like a pestilence, crime stalked abroad at noonday, sleep we cannot "saddle off upon" the poor negro everything ugly as in days gone by, but are forced to face the music and admit that it is our own flesh and lay down with alarm, and the sound of the pistol was more frequent than the song of the mocking-bird?" Did he not use these glittering phrases as descriptive of a reign of terror and lawlessness which he attributed to the fact that the wrong crowd held the offices?

And did not this self same governor stump the State in 1902 stating everywhere that North Carolina was enjoying peace and prosperity unprecedented in her annals and attribute the same to the fact that the right crowd now held the offices? The governor must in the nature of things be high-authority. No one can question that, and in view of all the facts herein noted it must follow as the night the day, reasoning from cause to effect, that good government intensifies human depravity and aggravates if it does not actually breed crimes of the basest and most diabolical type.

The 1901 Legislature promised the old soldiers that they should all receive pensions and that some of those who were then drawing pensions should draw even larger pensions. The Legislature made a big bluff to make the old soldier think they had kept their promise. They voted to give the old soldiers more appropriations, but failed to provide the funds and when the old soldier came to draw his money there was not more than half enough money in the treasury to pay the pensions, and some of the poor and needy old soldiers received none at all. This proved that the Democrats cared for the Confederate soldier until they got his vote then it mattered not to them what became of him. This last Legislature had the opportunity of voting for two Confederate veterans for U. S. Senator, but turned a deaf ear to both of them. Not that the Senatorship was any fight of ours, but we mentioned the action of the Legislature in regard to Mr. Carr and Mr. Watson simply to show their gross inconsistency.

DEMOCRATIC AND AURISTOCRATIC WHISKEY.

The News and Observer issued a "Legislative Edition" on last Sunday giving the biography and picture of each member of the Legislature. Some of these men are great, but none so great as Glen Williams, manufacturer of old "Nick whiskey." The Observer devoted nearly half a page of its paper Sunday telling what fine whiskey Williams made, and its Democratic and Auristocratic whiskey too. It will be remembered the recent Legislature incorporated the little town of Williams so Mr. Williams could make democratic auristocratic whiskey at the same old place. It was charged by some of the democrats during the last campaign that not a single distillery was operated according to law, Mr. Williams, who by the way is a member of the State Democratic executive committee, was made mayor of the town of Williams, and there is danger that he may find himself running his distillery contrary to law and he will have to call a session of mayors court and send himself to jail, That would be too bad, but then Gov. Aycock would pardon him out, and the News and Observer could get out another special edition showing that the Governor was justifiable in granting the pardon as the people all over the state needed more of old nick whiskey for medical purporses, as the News and Observer said Sunday that it was a sure cure for the headache.

SNOW IN IOWA.

Des Moines, March 23.—Snow, three inches of which fell last night, continues to fall through the Des Moines Valley. Reports from other points indicate that the storm is general.

Sunday issue of the Charlotte Observer contained several photographs of a petrified man found near Hendersonville this State, by two ditchers. The Observer states that it is a wonderful likeness of the man, and the other Western papers make similar remarks about the "petrified man" and we are all expected to believe every word without so much as asking a question. They state that it is, or was a white man. It is stated that one woman has appeared upon the scene and claimed the petrified man as her husband. If this wife can be induced to get a divorce on the ground that this man has a "heart of stone," and of desertion it would be well to bring him to the State Museum that the people East might see and believe.

The News and Observer dated March 20th contained the following bit of sad information;

"The debt of $200,000 due by the State to the Park National Bank of New York was due yesterday.

The bank continued the loan for sixty days, as it has been impossible for the State Treasurer to have the $300,000 bond issue prepared,"

The question is will the State Treasurer be prepared to pay this $200,000 debt in 60 days. If not then when? Our State debt will soon be so large we will not be able to raise enough money to pay interest on the debt much less the principle. This is some of the fruits of Democratic "good government."

Do you want more of it?

NEGRO WHO ELECTED HAYES.

Story of the Stolen Ballot Box—An Old Colored Woman in Washington Tells How Her Brother, John Henry Jackson, Carried the Box From Florida to the Capital.

The Washington correspondent of the Charlotte Observer sends his paper the following bit of news:

A queer story came to me the other day. An old colored woman has a bakery on this street. She makes the most delightful ginger bread, and pies and bread. I have been a customer of hers some time. I asked her last week how she happened to come to Washington. "La, honey!" she said, "did you never hear of my brother, John Henry Jackson, and how he elected Mr. Hayes President?" "No," I had not heard."

"Well," she said, "you know it was awful close voting in Florida for Hayes and Tilden. Some said one was elected and some said the other. My brother was a clerk at the polls, and he heard the Democrats say they were coming there that night to stuff the box. Well my brother he just took the box, stole it, and run off to Washington with it, and it was counted here and the Republicans had the majority. The Democrats said they was going to kill him, and the Republicans put him in jail to keep him safe. After they thought the danger was over, they let him out. He had a long black beard, and he shaved it off, and bought a slouch hat that he pulled down over his face and got on the train to go home. Two negroes came on his car carrying pistols and saying they were looking for a negro named Jackson."

"Why, what did the negroes want to kill him for?" I asked.

"Why, they were Democratic negroes," she said, "and they are worse than Democratic white folks." "Well," she continued, "my brother never went back home. He was afraid. They took care of him in Washington, and he was always pointed out as the negro who elected Hayes President of the United States."

I asked: "What did you think of Hayes?"

She replied that she thought he was a mighty weak man and that John Henry Jackson might have done better on a President."

I have just a dim idea of hearing the ballot box story before, but it was all hushed up and I wonder how much real history is in the old woman's story. I shall ask Mr. Spofford at the Congressional Library. They say he knows everything.

Why Cyrus B. Watson Was not Nominated for the U. S. Senate.

A Greensboro special to the Charlotte Observer of recent date says:

There is another story out as to the influences which were at work in the recent senatorial contest at Raleigh. A gentleman well versed in political matters, and who was one of the most ardent supporters of Hon. Cyrus B. Watson, has made the astonishing discovery that the North Carolina Liquor Dealers' association and the friends of the Watts bill combined against the Forsyth man. He says they not only combined, but spent money and lots of it. When asked the amount, he said he had heard that the sum of $15,000 was raised. "What did they do with all that money?" the Observer correspondent asked. "Bought votes" was the laconic reply. "Do you know that votes were bought?" was the next question. Without any hesitation, the gentleman replied: "I might not be able to swear it, but I have every reason to believe that several men received neat sums of money for their votes or influence." He cited the instance of a certain legislator from the eastern part of the State who changed his vote suddenly after being approached by a representative of the combine against Watson and told of another man whose influence was purchased by the Liquor Dealers' association for $1,500.

The gentleman who gave the Observer correspondent the information concerning the combine between the friends of the Watts bill and the liquor dealers was asked if Mr. Watson would ever again be a candidate for a political office. He replied that it was hardly probable, unless he should be prevailed upon to become a candidate for governor next year.

Asked for Bread and Received a Stone.

(Contributed.)

The prohibition people of North Carolina asked the Legislature for bread and they gave them a stone, for fish and they served them with serpents. Nothing better could be expected from the red shirt gang because Aycock had a drunken mob to follow him throughout Eastern Carolina, hence the Aycock-Simmons Watts bill. The reign of terror brought about by the red shirt campaign is the result of lawlessness which is in all parts of the State. The midnight assassin is on the alert and murder is running rampant through middle and Eastern Carolina. All of which is the direct results of the reign of lawlessness brought about by the Simmons-Aycock red shirt gang.

More crime has been committed in the State during the past twelve month than for any year in the history of the State. Every man's life is in jeopardy, and a terrible State of affairs is in existance.

The Norfolk Landmark ventures the following remark:

"Can the dead be brought to life by any human power? By electing a dead man to office, the North Carolina Legislature has arranged for a conclusive test."

If appointing a Democrat to office wont bring him to life there is no hope this side of the final resurrection. The article from the Landmark refers to the appointment by the Legislature of a Democratic member of the school board of Yadkin county, who had long since passed in his checks and gone where there is no more ballot-box stuffing.

WOMAN KILLS HER FOUR CHILDREN AND COMMITS SUICIDE.

Norfolk, Va., March 23.—About noon to-day Mrs. Louise Burk, wife of Peter Burk, an employee of the Snell Manufacturing Company, murdered her four children with an axe, set fire to their clothing and then committed suicide by cutting her throat.

THE FIGHTING IN SAN DOMINCO

San Domingo, March 23,—The revolutionists under General Pepin to-day attacked and captured one of the forts defending the city. Many men were killed on both sides. The political prisoners of the fort were released. The revolutionists are in full possession of the city of San Domingo They have taken charge of the cable office and of the government land lines, Foreign Minister Sanchez has sought refuge in the United States consulate. The fighting continues. Assistant Governor Echenique and the commander of the government forces. General Pena, have been killed. It is expected that the government troops outside the city will attack the revolutionists who are in San Domingo. The number of men killed or wounded is not known, but it is reported that many are killed on both sides.

NO WER VESSEL THERE FOR THE PRESENT

Washington, March 23.—No war vessel will be orderek to San Domingo for the present. The Atalanta is under orders to proceed from Pensacola to Monte Cristo, near Haytien, and in the event of American interests being endangered at San Domingo, she will go there.

SOUTHERN WRECKED NEAR AYERSVILLE GEORCIA.

Atlanta, Ga., March 23.—The northbound passenger train on the Southern for Washington, which left this city last midnight, was wrecked at Ayersville, Ga., 80 miles north of this city, early this morning, by a boulder which had fallen across the track. A negro tramp was instantly killed and the train's engineer and fireman, both of Atlanta, died in a few hours. The dead are: Edward Miller, engineer; Edward Thompson, fireman, Wright, colored tramp. None of the passengers were injured. The accident was caused by a landslide which fell as the train approached. Traffic was delayed until evening.

The Wake county Grand Jury monday found a True Bill against Mr. Earnest Haywood of murder in first degree for killing Mr. Ludlow Skinner in this city on Feb, 21.

Mr. Haywood was arrainged in court room Tuesday morning but the case was continued until the July term of Court as some of the defendant witnesses were out of the State, This trial will be one of the most interesting ever held in our State on account of the large family connections of both parties.

NO DANGER OF AN OVERFLOW NOW AT MEMPHIS.

Memphis, March 23.—The river has remained stationary all day at 39.5 feet and tonight is reported to be falling, The danger from the flood in this territory is considered to be over, and no further developments of moment are expected in the natural course of events. The center of interest is now the situation south of Memphis, along the leves of Mississippi, Louisiana and Arkansas.

NEW DANGERS DEVELOP ALONG THE MISSISSIPPI.

Vicksburg, Miss., March 23.—A new danger point has appeared on the Mississippi river, rather serious reports coming to-day from Eveereton. The main levee at that point is said to be sloughing and leaking badly. A special train with several hundred laborers was rushed to the danger point from Greenville.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

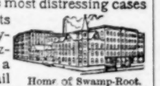

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nervine Cured Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon so affect your heart's action as to bring on serious, chronic trouble. Dr. Miles' Nervine is a nerve tonic, which quiets the nerves, so that sleep may come, and it quickly restores the weakened nerves to health and strength. Dr. Miles' Heart Cure is a great blood and heart tonic which regulates the action of the heart, enriches the blood and improves the circulation.

"Some time ago I was suffering severely with heart trouble. At times my heart would seemingly stop beating and at others it would beat loudly and very fast. Three to four hours sleep each night in ten months was all I could get. One week in last September I never closed my eyes. I got Dr. Miles' Nervine and Heart Cure at a drug store in Lawrenceburg, after spending $300.00 in medicines and doctors in Louisville, Shelbyville, Frankfort, Cincinnati and Lawrenceburg, and in three days have derived more benefit from the use of your remedies than I got from all the doctors and their medicines. I think everybody ought to know of the marvelous power contained in your remedies."—W. H. HUGHES, Fox Creek, Ky.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

Miss Sarah Finley.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

"On July 3d, the Cresent Hotel at Eureka Springs opens as an all-year-'round resort, under the management of the Frisco Symtem. Extensive renovations and improvements have been effected which will make the Cresent Hotel equal of any hostely to be found in the Southwest."

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

Rheumacide

The Standard Rheumatic Remedy.

STANDARD because able physicians declare that it is the only absolute cure for rheumatism in its various forms. A prominent physician recently said: "I have never been able to write a prescription that will cure rheumatism, owing to the fact that the usual remedies do incalculable harm to the digestive organs. RHEUMACIDE completely overcomes this difficulty—benefits rather than injures the organs of digestion—hence it can be taken for an indefinite period, or as long as need be, to effect a permanent cure."

The Doctor quoted covers the case exactly, "Rheumacide" is absolutely harmless.

ECZEMA

Psoriasis, Scalled Head, Milk Crust, Tetter, Ringworm, etc.

Speedily, Permanently and Economically Cured, when All Else Fails, by

Cuticura

The agonizing, itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair, and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Complete External and Internal Treatment

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent to cool and cleanse the blood. This complete treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all other remedies and the best physicians fail. As evidence of the wonderful curative properties of Cuticura Remedies and of their world wide sale, we quote from

The Hon. Mr. Justice Finnemore's Letter.

"I desire to give my voluntary testimony to the beneficial effects of your Cuticura Remedies. I have suffered for some time from an excess of uric acid in the blood; and since the middle of last year, from a severe attack of Eczema, chiefly on the scalp, face, ears and neck, and on one limb. I was for several months under professional treatment, but the remedies prescribed were of no avail, and I was gradually becoming worse, my face was dreadfully disfigured, and I lost nearly all my hair. At last, my wife prevailed upon me to try the Cuticura Remedies, and I gave them a thorough trial with the most satisfactory results. The disease soon began to dissappear, and my hair commenced to grow again. A fresh growth of hair is covering my head, and my limb (although not yet quite cured) is gradually improving. My wife thinks so highly of your remedies that she has been purchasing them in order to make presents to other persons suffering from similar complaints, and, as President of the Bible Women's Society, has told the Bible women to report if any case should come under her notice when a poor person is so afflicted, so that your remedies may be resorted to."

The Three-Hour Dinner.

The three-hour dinner, against which certain public men in Washington are uniting in a crusade, is undeniably an affair that needs to be pruned; but it is not so serious an evil as the ten-minute breakfast or the five-minute lunch, says The Providence Journal, and the crusaders should be careful not to go too far in their proposed reform. One can "feed" in a very short time, but it is impossible to give the necessary studious and finished attention to the chief meal of the day in less than an hour and a half; unless the most rigid economy of time is absolutely required two hours is better.

There was recently begun in Texas what is planned to be the most extensive system of irrigation in the United States, for it involves the utilization of no less than 295,000 acres of land. A main canal will be constructed 100 miles in length, extending 30 miles from the town of Pecos in a southwesterly direction, crossing the Texas and Pacific railroad six miles west of Pecos, and on to Toyah Lake, seven miles south of Pecos, where one of the largest reservoirs in existence is to be constructed. From Toyah Lake the canal will run on and join the Williams Canal thirty miles farther down, finally emptying into the Pecos River sixty miles below.

ALL TIRED OUT.

The weary, worn, all-tired-out feelings come to everybody who tax the kidneys. When the kidneys are overworked they fail to perform the duties nature has provided for them to do. When the kidneys fail dangerous diseases quickly follow, urinary disorders, diabetes, dropsy, rheumatism, Bright's disease. Doan's Kidney Pills cure all kidney and bladder ills. Read the following case:—

Veteran Joshua Heller, of 706 South Walnut street, Urbana, Ill., says: "In the fall of 1899 after getting Doan's Kidney Pills at Cunningham Bros.' drug store in Champaign and taking a course of treatment I told the readers of the papers that they had relieved me of kidney trouble, disposed of a lame back with pain across my loins and beneath the shoulder blades. During the interval which had elapsed I have had occasion to resort to Doan's Kidney Pills when I noticed warnings of attack. On each and every occasion the results obtained were just as satisfactory as when the pills were first brought to my notice. I just as emphatically endorse the preparation today as I did over two years ago."

A FREE TRIAL of this great kidney medicine which cured Mr Heller will be mailed on application to any part of the United States. Medical advice free; strictly confidential. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Circulars sent free. F. J. CHENEY & Co., Toledo, O.

News of the Day.

The head camp of Woodmen of the World of the jurisdiction of Alabama, Georgia, South Carolina and Florida, convened at Pensacola. The day was consumed in the appointment of committees and preliminary work. Today the convention will select a city in which to hold the next session and elect officers.

William Patterson, alias Gusley, wanted in Blount county, Ala., for the murder of a Mrs. Vaughan, at Scottsboro, Ala., was identified by Sheriff Aldrige and carried back to Oneonta. Gurley escaped from the county jail at Oneonta some time ago through the assistance of Etta Aldridge, daughter of the sheriff.

The stern wheel boat Barlow, struck a snag in Red River, six miles above Shreveport, La., and sunk in seven feet of water. She carried a full cargo of provisions for plantations along the upper Red River. Her crew of five men are said to have escaped.

The famine in Dalmetia is so severe that some of the people are eating bark.

A Lake Charles, La., dispatch says: "The second trial of A. E. Batson, charged with the murder of seven members of the Earl family near Welsh, La., was concluded here Friday evening, the jury finding the accused guilty as charged. Batson took the verdict quietly. For a second time he will be sentenced to death."

A Pensacola, Fla., dispatch says: "Admiral Higginson, commander-in-chief of the North Atlantic squadron, has announced that the battelships composing the squadron, will now remain in Pensacola harbor for nearly two months longer, leaving here during the first portion of May."

A Norwlak, Fla., dispatch says: "Assessor Bullard, who arrived at this place reports a desperate encounter between the hands of rival turpentine camps near Orange Springs. The report is that eight men were killed and a large number others wounded."

The naval board of construction held a meeting for the purpose of considering plans for the five new battleships authorized by Congress, in its last session. The board took first the projected 16,000-ton ships, and it practically was decided that the Missouri type now under construction represents about the best ship of the kind yet constructed.

COST OF WEEDS.

The cost of weeds to the farmers in a community is enormous compared with certain other expenses. Weeds rob the soil and entail labor from spring until fall. If the farmers in each community would unite and determinedly fight weeds for three years, not allowing a single one to grow, if possible, they would find their expenses greatly reduced, owing to the cost of production of weeds and their destruction being removed.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily, often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

Dr. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

Appreciated Himself.

A little boy, while playing near the Serpentine, last Christmas day, fell into the water.

An Irish laborer, who was passing at the time, courageously jumped into the water, clothes and all, and rescued the boy.

A lady who had observed the brave deed went up to Pat, and, shaking his hand, said:

"I feel it an honor, my brave man, to shake hands with you; many a worse man than you has been presented at court."

"Faith, you're roight, mum," replied Pat, as he proceeded to wring the water out of his coat. "Th' last toime Oi was presinted at court Oi only got one month, whoile me mate got two, begorra!"—Spare Moments.

Ingalls Shut Up Van Wyck.

"Van Wyck, who was in the senate from Nebraska, used to sputter and splutter when he was excited," said a senator. "One day he got up to make a speech. He stood immediately behind Spooner's desk. Senator Ingalls was talking to Spooner while the speech was going on. Van Wyck was nervous, and he sputtered and spluttered more than usual.

"Ingalls clapped his hands loudly. Van Wyck stopped suddenly, to see what was the matter. A page ran up. 'Boy,' said Ingalls loud enough to be heard in the galleries, 'bring Senator Spooner an umbrella and bring me a rubber coat.'

"Van Wyck sat down abruptly and never did finish the speech."—Washington Correspondence New York World.

How an abscess in the Fallopian Tubes of Mrs. Hollinger was removed without a surgical operation.

"I had an abscess in my side in the fallopian tube (the fallopian tube is a connection of the ovaries). I suffered untold misery and was so weak I could scarcely get around. The sharp burning pains low down in my side were terrible. My physician said there was no help for me unless I would go to the hospital and be operated on. I thought before that I would try **Lydia E. Pinkham's Vegetable Compound** which, fortunately, I did, and it has made me a stout, healthy woman. My advice to all women who suffer with any kind of female trouble is to commence taking **Lydia E. Pinkham's Vegetable Compound** at once."—MRS. IRA S. HOLLINGER, Stilvideo, Ohio.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

It would seem by this statement that women would save time and much sickness if they would get Lydia E. No other person can give such helpful advice as Mrs. Pinkham to women who are sick.

A LITTLE GENTLEMAN.

He was a tiny little fellow, surely not more than five years old, and, as he called his afternoon papers at the corner of Twelfth and Market streets, many people gazed at him with mingled amusement and pity. He had long brown curls, wet with the drenching rain; and his shrill little voice had a baby lisp. A very stout, elderly woman, apparently weighing close to two hundred pounds, paused at the south side of Market street, and looked askance at the miniature river of slush and water and at the passing procession of wagons and trolley cars. The little newsboy was quick to size up the situation. Running up to her, he exclaimed: "Don't be afraid, lady. I'll help you across." Reaching up his tiny little hand, he clutched her by the arm, and together the pair threaded their way to the opposite curb. Then the stout woman opened her purse, gravely handed the little fellow a coin, and disappeared into the Reading Terminal.—Philadelphia Record.

$3.00 W. L. DOUGLAS SHOES $3.50 UNION MADE

W. L. Douglas makes and sells more men's Goodyear Welt (Hand-Sewed Process) shoes than any other manufacturer in the world.

$25,000 REWARD

will be paid to anyone who can disprove this statement.

Because W. L. Douglas is the largest manufacturer he can buy cheaper and produce his shoes at a lower cost than other concerns, which enables him to sell shoes for $3.50 and $3.00 equal in every way to those sold elsewhere for $4 and $5.00.

The Douglas secret process of tanning the bottom soles produces absolutely pure leather; more flexible and will wear longer than any other tannage in the world.

The sales have more than doubled the past four years, which proves its superiority. Why not give W. L. Douglas shoes a trial and save money.

Stomach Trouble Can be Cured!

STOP TO THINK

It is a fact and can be demonstrated to the entire satisfaction of any one interested. The fact that I am a specialist of twenty years standing in these diseases ONLY should be sufficient to overcome prejudice and invite investigation for yourself or some afflicted friend. **I have no medicines or appliances of any kind for sale.** Send me your name and address on a postal card and I will send you instructions, without cost or obligation on your part.
